

Ringmore Neighbourhood Plan

Ringmore Neighbourhood Plan Steering Group has submitted the latest draft to SHDC under Regulation 15 conditions. This will trigger another consultation period of six weeks starting June 10th where any opinions can be sent direct to SHDC for consideration.

It has taken a long time to get to this stage but hopefully the end is in sight towards the end of this year when, all being well, the parish will have the ability for a final vote on this planning document which will cement planning policy for Ringmore for the foreseeable future.

Although this may appear to be a dry subject, your vote at that time will be crucial in protecting this area from indiscriminate development. I would urge everyone to support the plan with your vote at that time.
