

Ringmore Parish Neighbourhood Development Plan

Local Business Consultation.

Attention All Businesses Operating in Ringmore Parish

As many of you may already know a steering group has been working towards the creation and acceptance of the Ringmore Neighbourhood Plan for the last few years. This plan is **well advanced** and will soon be submitted for final approval by South Hams District Council. (SHDC)

Formatted: Font color: Red

Once accepted by SHDC it becomes an important document with legal weight governing the future of planning decisions within the Parish.

The document has been developed using consultation at many levels with the Parish residents and supports their vision / wishes for future development within the Parish

One area that the steering group are very keen to consider further, prior to completion is the view and aspirations of local businesses operating within the Parish. ~~{To date very few business owners have come forward with any views and it is important that this is rectified if possible.}~~

To this end please could any business owners who wish to **discuss** their views **on how they may be affected by this document** ~~consulted on prior to final completion of the plan~~ please contact Richard Baker on 01548 811115 or by e-mail at richard.baker@totease.demon.co.uk
