From the Editor.....

Welcome to the August 2019 issue of the newsletter.

Since last month we have enjoyed almost drought like conditions. I was beginning to wonder if I would record any rainfall in July. That is until the heavy overnight shower on Friday 19<sup>th</sup> which filled my water butt and gave some respite to thirsty plants. However, since then its been back to hot dry days again.

At last, the church wall is complete and the trailer has departed. The stonemason has done a great job, working in very warm conditions and after all this time everyone should be very relieved!

Last month I had a positive meeting with Louise Wainwright about the future of the Ringmore newsletter and with Pat Dolby from Challaborough, who has expressed an interest in co-ordinating information from our Parish for any future relationship between ourselves and Bigbury. Discussions are at a very early stage and we need to consult with our respective stakeholders about a future together. Both Bigbury and Ringmore Parish councils support their respective newsletters and we are hopeful that this will continue under any new arrangement. So, I am encouraged that Ringmore parish householders will continue to receive a newsletter including information specifically for them.

By the time you read this Ringmore will have enjoyed the first of two weddings to be held at All Hallows this summer. As I write, the church is filling up with some magnificent flower displays and the excitement from the families I have met is palpable. Naturally we wish Danni and Oli the very best for their future life together and if all has worked out well there should be a couple of photos from the wedding in this issue of the newsletter!

If you have any comments or suggestions to make then contact me at ringmorenews@gmail.com or by telephone to 811212.

## A SPORTING SUMMER!

This summer is the summer of world cups. You will have enjoyed England winning the ICC Men's Cricket World Cup. The FIFA Women's World Cup was launched in France and the Netball World Cup is being hosted in Liverpool, followed shortly after by the Rugby World Cup in Japan.

International sport stars can often make their skills look effortless but their performances are a result of years and years of training, sacrifices and commitment. They lose out on things, whether that is free time because of training, social times because of travel or being able to eat whatever they want whenever they want. Yet to lift the World Cup in your chosen sport must make all the sacrifices worth it. They give up things to gain the ultimate prize.

Often in the New Testament the Christian life is compared to the sporting life, whether running a marathon or entering the boxing ring. If you are not someone who would describe yourself as a follower of the Lord Jesus, you might look at the Christian life and say "Why bother? Why make all those sacrifices?" The experience of millions across the globe and down the ages is that they haven't lost freedom, but gained freedom as they have found themselves under the management of the one who offers forgiveness and life. Or, as Jesus said, whoever loses their life for him will save it. Enjoy the sporting summer!

## All Hallows Church, Ringmore

### Church repair and maintenance

It's great to report that the repair of the wall is now complete. The stonemason has done an excellent job and worked very quickly to finish before the wedding of Danielle and Oliver on Saturday 27th July.

Our focus is now on getting the heating system replaced prior to the cooler months. All the admin for the diocese for this project is now complete and with them and we await their response.

### Services in July

During Sunday services in July we completed the study of the story of Jonah. Ultimately, this is a story of God's grace, patience, mercy and forgiveness and provides guidance to us all if we choose to read about it.

### Village Service in August

During this coming month we will be joined during our service on 18th August by Kezia M'Clelland who is the *Children in Emergencies Specialist* for VIVA, an international children's charity working to release children from poverty around the world. Kezia will be talking to us about her work and experiences in such places as Malawi and Bangladesh. All are welcome to join us

### Summer Fete

Do join us all at the summer fayre this year on August Bank holiday Monday. There is much information about the fayre elsewhere in the newsletter this month. Suffice to say that with the church facing significant bills this year we need to raise as much money as we can to support this

### Prayer Chain

From time to time, most of us feel the need for prayer (whether or not we go to church). If anyone has a prayer request, they can phone one of the numbers below and give details of the request (as much or as little detail as they wish). That person will then phone the next person on the list and so on - ensuring at least ten people are praying. These will be Mary Wilson 830280, Gill Tomlin 810028, Sally Errett 810547, Yvonne Turpin 810798, Alison Wynne-Powell 810407, Sally Ness 810639, Drina Williams 810405. Rosemary Wilson 810211 & Jenny Williams 810851.

Some people have said they are worried about confidentiality when asking for prayer. I can assure them that one of the main conditions of joining the prayer chain is the promise never to discuss the requests apart from the initial information being passed on. However it is always lovely to know that prayers have been answered (and they usually are, but not always when and how we expect!)

### Kingsbridge Foodbank

Your support for the Foodbank has been considerable – well done and hopefully we can continue this good work for the rest of the year. The FOODBANK is here to help people in crisis in and around Kingsbridge. A container is placed in the Church Porch for items to be placed in which will be taken to the Foodbank every Thursday morning. They are currently welcoming donation of many types of non-perishable items (except Baked Beans and Tea), toiletries such as Toothpaste, brushes and toilet rolls and all types of household cleaning materials. There is a more detailed list of items on the collection box in the Church porch. Please note, however, that the foodbank is unable to accept home-produced goods.

Many thanks for your help for our neighbours in need

## Summer meal

Ringmore's July meeting was organised by our Treasurer, Yvonne Turpin, who liaised with Steve Chapman at "Fryer Tuck's" on Challaborough beach for us to have a fish and chip supper in Steve's restaurant.

Steve and his staff produced a splendid meal and made members and husbands very welcome. Our thanks to them, and also to our husbands for providing the wine, which was much enjoyed. We all agreed that it was a lovely way to spend a summer's evening, with people wanting to repeat the event in the future. Thank you, Yvonne, for arranging such a successful "Summer Meal".

# **The Return of Nature (I hope).**

We all probably realise that with a burgeoning population there is going to be increasing pressure upon our land to supply food, housing and infrastructure, just as there is a constant demand for ever more usage of natural resources. We live in an economy where growth is King and, nothing else will do.

Unfortunately, this has, and is having, a devastating effect upon our natural world. Biodiversity is being destroyed across the globe at an astonishing rate and we will be the poorer for it despite any perception of wealth created by money, or property.

In our own little piece of Planet Earth, we have systematically destroyed habitat and altered land usage. The change to modern farming with its intense pressure of land and reliance on pesticides, herbicides and chemical fertilisers has been nothing short of catastrophic for our own wildlife.

I am 57 years old and in my lifetime the disappearance of insect life, amphibians, reptiles, birds, bats and many mammals is quite shocking. 57 years is a mere nano second in geological timescale, so we have been very efficient with our time.

The good news is that there is hope and that comes from a gradual realisation that we cannot continue in the same vein. There is a shift towards a more sustainable approach and many farmers are now looking at the organic farming methods used by our forefathers.

The difference this shift in farming practice can make has been starkly demonstrated to me by the change in practice to the large field in front of my house at Holdings (Houghton). I think John Tucker owns the field, but it is in the process of changing to organic status from its previously intensive use.

This process has only been in play for about a year, but the difference is incredible. The field is currently full of clover and the margins are becoming populated by an increasing variety of wildflowers. The effect this has had on insect life is amazing to behold, the increase in bees, butterflies, hoverfly's, moths and all manner of beetles etc is nothing short of joyous. This of course is gradually having a knock-on effect. Bird life is returning, Sky larks, Meadow pipits, Yellow Hammers etc. and this improvement will travel right through the food chain given time.

Seeing this give me hope that we can change our ways to the benefit of our fellow creatures but, there is a long way to go. We once again must learn the natural cycle of life and respect it. Maybe slow down a bit and not live just for growth. I wonder what the next 57 years will bring!!

M Campbell

In September we will be especially blessed to welcome Dr Jeffrey Stephenson from St Luke's Hospice, speaking to us as an active Christian.

Residents of the parish are invited to come and meet us during the fayre and see the work that has been done, talk to a member of the committee and make any comments they wish to at this stage of the process.

We will also be seeking your views on some topics that we feel need some further clarification

We look forward to seeing you at the village fayre.

## Draft Minutes

### 99/19 OPEN FORUM – BIGBURY BAY CARAVAN PARK AND PARKDEAN LTD

The majority of the large number present had attended to invite the PC to support a request to Parkdean Ltd to remove the recently erected gates between the two caravan parks.

A spokesman representing Bigbury Bay residents made the following points:

- For over 30 years Bigbury Bay residents had been able to walk through the Parkdean site to get the shop and beach etc at Challaborough.
- A steel gate over 6ft in height had recently been erected blocking this path and forcing people to walk down a narrow and dangerous road.
- Following complaints Parkdean had relented and agreed to unlock the gate between 8am and 10pm. However the gate was not always open at these times.
- Residents were concerned about access by the emergency services if the gate were to be locked at the time of an incident.

It was noted that there had been considerable press and TV interest in this issue but so far Parkdean had not commented. The manager of Parkdean had been invited to the meeting but had not attended.

It was agreed that the PC would write to Parkdean expressing its concerns and asking that the gate be removed.

## 104/19 PLANNING

### 1412/19/HHO Higher Manor Bungalow, TQ7 4HJ

Ground and first floor extension with terrace, replacement of roof, and replacement of existing garage buildings with a new garage.

The meeting considered the revised plans and noted that although the height of the garage had been lowered the roofline of the house remained at 6.9m which was felt to be unacceptable and therefore an objection would be filed with SHDC.
