

## Ringmore Parish Heritage Assets

The Ringmore Parish Neighbourhood Planning Group, under the auspices of Ringmore Parish Council are inviting parishioners and near neighbours to the parish, to suggest assets to include on our List of Local Heritage Assets. This list would then be included in the Neighbourhood Plan. Following approval by South Hams District Council of our Neighbourhood Plan this list would become an important material consideration when considering any future planning applications.

Inclusion in this list does not affect the right of the existing owner to undertake any works that they may wish. It only affects any planning decision in the immediate vicinity of the property.

Examples of Heritage Assets would be non Grade II listed buildings that form part of the parish history or add to the general look of the parish. Eg. Noddon Mill or it could be an ancient monument or old structure eg. a well or tumulus. Eg. The Town Well.

Please use this form to put forward any assets for inclusion/exclusion and send to Jenny Williams, Chair of Ringmore Parish Council. Alternatively, please send an email to Richard Baker, Chairman of the Neighbourhood Plan Steering Group at [richard.baker@totease.demon.co.uk](mailto:richard.baker@totease.demon.co.uk)

To be received by 15<sup>th</sup> July 2019 at the latest.

Name(s) of nominee(s).	
Contact details of nominee (address, tel number or email address)	
Description of proposed asset to be included	
Address or location of asset (incl grid reference)
