From the Editor.....

Welcome to the November issue of the newsletter. The fine autumn weather seems to have stayed with us for most of October and the majority of half term week brought us glorious sunshine in the parish as can be seen from the front cover.

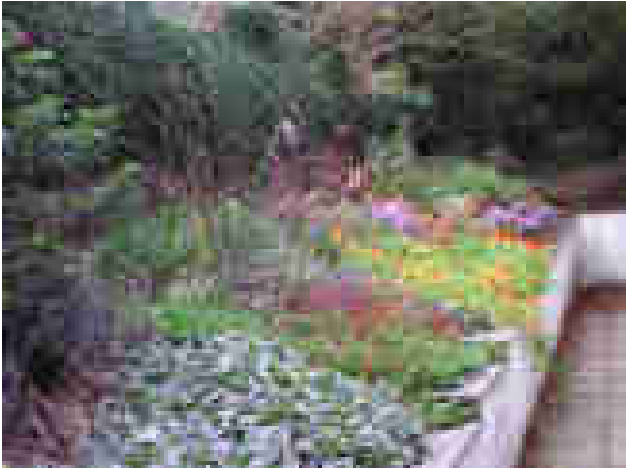

With November now upon us we are now very close to the one hundredth anniversary of the ending of the First World War on Armistice day, 11th November. This year, Remembrance day falls on a Sunday and it will be a very poignant moment as we stand in respect on the 11th hour of the 11th day this year. This year, the church of St James the Less in Kingston is holding a join service with us which begins at 10.00 am. Thus we will join with churches across the nation at 11.00 am at the end of the service. Everyone is welcome but if you plan to attend, do arrive early because the Church will be full!

This month, Adrian Bull is to begin choir practices for the Christmas Carol Service on 16th December at All Hallows. Practices begin on Wednesday 7th November at Barnford at 7.30pm and weekly thereafter.

Adrian sent me a photograph which is worthy of inclusion in the newsletter (see below) it shows a part of Ringmore which is hidden from those that don't come to the Parish Room anytime. Adrian told me that Ann Bracey has done an excellent job with the garden at the back of the hall and I fully agree. Thank you Ann for your great efforts. (Apologies this is in black and white)

If you have any comments or suggestions to make these will be gratefully received at

ringmorenews@gmail.com or by telephone to 811212.

TOWARDS A NEW DAWN

This year we remember the hundredth anniversary of the end of World War One. As communities gather in their churches and around the war memorials of their towns and villages they will remember the names of those who paid the ultimate sacrifice. On a day like Armistice Day we long for someone who has the authority, power and control to bring peace. We long for someone or organisation that can end all tears, death, mourning, crying and pain.

In the last century we have set up the League of Nations, the United Nations, The European Union, NATO and yet the peace we long for remains elusive.

In 1955 Winston Churchill in his last speech to the House of Commons said: *The day may dawn when fair play, love for one's fellow-men, respect for justice and freedom, will enable tormented generations to march forth serene and triumphant from the hideous epoch in which we have to dwell. Meanwhile, never flinch, never weary, never despair.*"

The day has not dawned but on the 11th of November 2018 we will remember that in 1918 the guns did fall silent on the 11th hour on the 11th day of the 11th month. At that moment there was peace: a great trial passed, and there was a sense of hope for the future.

Looking towards the future the Bible paints a picture of a new day when God 'will wipe every tear from their eyes. There will be no more death or mourning or crying or pain, for the old order of things has passed away.'

At the end of the Great War there was just a glimpse of what that felt like, before the shadows closed in again. One day, Christians believe, this new day will come and the shadows will never close in again. On Sunday the 11th of November come and join us in church as we will remember the past and look to the future.

Tearfund

Don't forget that Tearfund lunches continue on Monday 5th November 12pm - 2pm at the WI hall. Delicious home-made soup followed by crumble and ice cream and tea or coffee. There are six lunches, the first Monday of the month from October to March inclusive. All proceeds go to Tearfund, a Christian charity devoted to help communities in trouble throughout the world.

Village Service

The village service on 21st October was led by Judy and Adrian Bull who had chosen some uplifting hymns for the occasion. Adrian gave a well researched talk on the bible passage Mark 10: 35 - 45. This is a well known passage comment on the desires of man to be great when they should instead offer service to others.

Remembrance Sunday 11th November 2018

Remembrance day this year falls on the 11th day of the eleventh month exactly 100 years after the end of World War I. You will be aware that there are many acts of remembrance planned for this so important anniversary. This year we join with our friends at **St James the Less, Kingston** for a service that starts at **10.00am**. This timing will allow us to coincide with services across the nation that will fall silent at the eleventh hour in remembrance and respect for all who lost their lives in the Great War and in wars since. If you need a lift to Kingston, please contact David on 811212 so we can organise this. Please note there is no service at All Hallows.

Churchyard Winter Clean up, Tuesday 13th November 10am

It is soon time to set too in the churchyard and cut back the boundaries and hedges along with a general tidy up of the grounds. We are hoping to have a farm trailer to collect all the vegetation for disposal. If you can join us in this activity we would be most grateful and the work will be completed in no time! If the day is wet then we plan to try again on Wednesday 14th.

The Church and Churchyard is one of the first features of the village that visitors see when they travel down into the village and it is a most valuable asset that we wish to look after as best we can.

Church Clean - Saturday 1st December 2018 at 10.00am

The pre-Christmas Church clean will take place on the first Saturday of December and you are warmly invited to come along and help us with the various tasks of dusting, polishing and brass cleaning. Once again, many hands make light work, so all are welcome!

Prayer Chain

From time to time, most of us feel the need for prayer (whether or not we go to church). If anyone has a prayer request, they can phone one of the numbers below and give details of the request (as much or as little detail as they wish). That person will then phone the next person on the list and so on - ensuring at least ten people are praying. These will be Mary Wilson 830280, Gill Tomlin 810028, Sally Errett 810547, Alice Thornton 810284, Judy Bull 810420, Alison Wynne-Powell 810407, Sally Ness 810639, Drina Williams 810405. Rosemary Wilson 810211 & Jenny Williams 810851.

Some people have said they are worried about confidentiality when asking for prayer. I can assure them that one of the main conditions of joining the prayer chain is the promise never to discuss the requests apart from the initial information being passed on. However it is always lovely to know that prayers have been answered (and they usually are, but not always when and how we expect!)

Kingsbridge Foodbank

Your support for the Foodbank has been considerable – well done and hopefully we can continue this good work for the rest of the year. The FOODBANK is here to help people in crisis in and around Kingsbridge. A container is placed in the Church Porch for items to be placed in which will be taken to the Foodbank every Thursday morning. They are currently welcoming donation of all types of non-perishable items (except Baked Beans and Tea), toiletries such as Toothpaste, brushes and toilet rolls and all types of household cleaning materials. Many thanks for your help for our neighbours in need.

Dear Editor

Is Ringmore Hirundine Heaven?

From our lofty and formerly colourful perch, we saw our first Swallow on 13th April and a single Swift on 21st April. It was only from the 8th May that more Swifts arrived in the village with 7 arriving on 17th May alone. From then on we have spent many happy hours watching their flypasts and dogfights in the sky. Whether they were all local Swifts we do not know but on 15 July we counted about 40 wheeling about! The last swift we saw departed on the 4th August.

Swallow numbers were always smaller than the Swifts but made up for it by staying longer and ultimately joining with House Martins for massed flybys of sixty or more. Big movements were seen in the South Hams generally when massing for migration and we saw over one hundred and fifty in the space of twenty minutes flying East on the 23rd September. Sadly the last swallow we saw was the following day, obviously trying to catch up! Sadly 'til next year then!

Roger and Gill at Wyncroft

Ann Lamble called me the other day to advise that she had received three consecutive scam telephone calls from an organisation claiming to be from BT and asking for confirmation of her account details. Apparently they were very persistent but she managed to avoid giving any information and on checking with BT later was told that no one from the company had attempted to call. Do please stay alert when called unexpectedly

Ringmore Neighbourhood Plan

Devon Communities Together, our independent advisor has now clarified their report following the questionnaire circulated to the parish earlier this year and we await their final version.

The Neighbourhood Plan Steering Group publish below DCT's executive findings under the themes of "Housing, Transport & Traffic, Community, Communication, Economy & Business, Employment and Open Space & Environment" and for those who would like further detail, we intend to publish the whole report during November on the Parish Council website Neighbourhood Plan section. www.ringmoreparishcouncil.giv.uk. If you don't have internet access then you can ask for a paper copy from David on 811212

The responses provided by parishioners will help guide the steering group in the creation of the policies that will underpin the Ringmore Neighbourhood Plan.

Executive Summary – Key Findings

The table overleaf summarises the key findings from the Ringmore Neighbourhood Plan households' survey. The key findings are listed alongside the question responses that provide the evidence to support the finding.

Statistics from the last national census (2011) stated that there are approximately 105 households in the parish representing a population of some 210 people, of these around 190 people are adults over 16 and are the most likely audience for participating in this method of consultation.

The Steering Group organised the delivery of the questionnaire survey to every household in the parish during May 2018. The format of the questionnaire was designed to allow up to five individuals in each household to submit their individual responses. Stamped addressed envelopes were provided to enable residents to return their completed forms directly to Devon Communities Together for analysis.

A total of 58 survey forms, representing 100 individuals responses were completed and returned to Devon Communities Together (DCT). If the age profile of survey respondents is compared to that of the national census we can see that the percentage of "working age" respondents closely reflects that of the census, whilst the percentage of respondents of over 65 is somewhat higher than that of the census.

The return rate achieved indicates that 55% of households and 53% of the adult population of the parish participated in the survey. This provides a good representative sample, and the Steering Group can be confident that they have captured the views of the community.

GROUP MEETING TRIUMPH

There was no W.I. meeting in Ringmore in October, as it was the turn of Modbury W.I. to host the annual meeting of the Avon Group.

It was the first time that Modbury had hosted a Group Meeting but it was extremely well done. The entertainment was a large singing group entitled "Girls Night Out"; they came from Yealmpton and sang a lovely selection of songs.

The competition set by Modbury was to make "something useful made from recycled plastic". Ali and Yvonne excelled themselves and created a cake stand, decorated and painted, complete with plastic fairy cakes.

We won first prize!

Thank you both very much for all your hard work – it must have taken hours! But as the picture shows, it was well worth it!

FREE ENTRY!

Hi Everybody,

I have been asked to arrange another visit to the Devonport EfW (CHP) Facility by several people in Ringmore. EfW stands for Energy from Waste so, we take all the municipal non-recyclable household waste from Plymouth, South Hams, Teignmouth and Torbay and thermally process it, thus releasing energy which we utilise to create high pressure/temp steam which then drives a turbine and generates electricity. We then recover as much heat energy as possible from the process making it very efficient.

We supply the whole of Devonport Royal Naval dockyard with electricity and we also supply them steam heating by utilising steam that has done useful work in the turbine which, makes the plant even more efficient. This is what CHP stands for, combined heat and power. The whole process is very clean, efficient and reduces waste to landfill by 97%

So, if you ever wonder what becomes of your waste now that it is not dumped in a big hole in the ground and you want to come and have a guided site visit please contact me at:

mike.campbell@mvvuk.co.uk or phone 07796 268851

Once I have enough takers I will sort out some dates. I might even throw in some sandwiches!!

Mike Campbell.

Operation Christmas Child

It's hard to believe that it is a year since I last asked for help in donating to this appeal, but now is the time to start collection items to go in the shoe boxes. As before these will go to children around the world who are living in difficult or disadvantaged situations.

Last year through your generosity, we were able to despatch 61 boxes, which went to children in Bolivia. Once more I am asking if you could fill a box (or maybe two) with special gifts. Lists of suggested items, leaflets, knitting patterns and boxes will shortly be available in All Saints Church.

Filled boxes may be left with Judy Bull or myself before November 10th.

Thank you

WI Charity of the Year

Mrs. Jackie Tagent addressed the meeting about the WI's Charity of the Year for 2019. In 2018 it had supported the Night Landing Site and proposed to support the provision of new or additional defibrillators in the parish. The meeting discussed the idea and AK agreed to get quotes for replacement machines. JW would contact Parkdean to see if the caravan park had its own defibrillator. AK
JW

It was noted that the latest machines needed to be connected to a 240v mains supply. This was to power a very low wattage heater designed to dispel moisture.
