

Ringmore Summer Fayre Consultation 26th August 2019

The RNPSG took a stand at the 2019 Ringmore Village Summer Fayre and mounted an exhibition of the current progress with the Neighbourhood Plan.

The main targets of the consultation was to up date the residents with progress and encourage feed back on “Community Land Trust involvement” and “non designated Heritage Assets” There were forms for individuals to fill in to signify their interest.

There was very little interest shown at the fayre resulting in no one indicating their wish to be involved with CLT and only two people filling in Heritage asset forms. One visitor left a comment on the the notice board.

Later it was resolved that the poor attendance was due to most residents being engaged in running stalls at the Fayre and not able to access the stand. Consequently, a further “Open Morning Event” was organise for November, which was better attended.
